

700-RW

Drop-In Hot Food Round (Soup) Well

700-RW
(Insert pan not included)

• The gentle heating capability of Halo Heat significantly extends hot food holding life without continuing the cooking process.

- Provides a more appealing product with better appearance and fresher taste.
- Front-of-the-house use with an existing counter, overhead lighting, and sneeze guard system or drop into a prep table for hot food plating convenience.
- Easy drop-in installation without the need of water or drainage connections and the related installation and water usage costs.
- Maintenance savings with the elimination of lime and scale buildup associated with steam table holding.
- Increase employee safety with the elimination of burning steam when changing pans.
- Adjustable thermostat with remote control suitable for mounting provides holding temperature flexibility.

The 700-RW is a drop-in heated round hot food well constructed of 20 gauge stainless steel. The round well is controlled by one (1) adjustable thermostat with a range of 1 through 10. The thermostat control is attached to the hot well base by a 6' (1829mm) flexible and water tight tether. Insulation surrounds the base, providing energy efficient operation.

The drop-in heated well base accommodates standard 7-quart (6.6 liter) round insert pans (not provided) and is intended for dry operation.

Model 700-RW: 7 quart (6.6 liter) drop-in heated holding round (soup) well

Factory Installed Options

• Electrical Choices

- 120V (90° plug)
- 120V (straight plug)
- 208-240V
- 230V
